Element: Air

Ruling Planet: Venus

Strengths: Social,

Cooperative, Fair-minded

Weaknesses: Indecisive,

Carries grudges, Avoids

Confrontations

OCTOBER HIGHLIGHT: Alexia Matschevich, Red Cross Leader

What Alexia loves most about Red Cross is the opportunity to give back to her community. She started off as a volunteer, and became a leader in her sophomore year. Planning events and seeing both sides of the process showed her how passionate students are to help their community.

A special memory she has is at the West Side County Fair. She met a new friend, helped out with games, and even competed with a five-year old in a bean bag game! To Alexia, Red Cross is so rewarding, as it benefits both the volunteer and the community, while creating new memories.
