STRENGTHS: Loyal, Intuitive

WEAKNESSES: Jealousy and possessiveness

November Spotlight:

SPEECH & DEBATE EXTEMPORANEOUS CAPTAIN

Myles Vuong

Myles' interest in Speech originated from hearing the speeches of many talented upperclassmen. Since then, he has attended many tournaments and led his team in doing so. One of his favorite memories was at a tournament at UPenn, where his team spent a lot of time together and performed well at the tournament. What he loves most about Speech is its welcoming community. Traveling has made it so easy for him to create new friendships with people who attend schools all across the country, as well as maintain the interscholastic relationships within his team.
